

COSMETOLOGY

A two-year, 1,000-hour program dedicated to training students in the area of appearance enhancement. The program prepares students for current and emerging careers in the beauty industry. Students learn the hands-on skills necessary to pass the New York State Board exams, the skills to become a successful professional in the field of cosmetology.

- Combines crucial elements of art, science, technical skills, interpersonal skills, and entrepreneurship. Students work in a full-service clinical salon environment that provides real-world experiences to gain knowledge while providing customer service including technical skills and consultations. Students develop business skills as well as management skills helping them to become successful salon and spa professionals. Students use product lines used in current salon industry such as Redken, Wella and Matrix providing valuable experience that translates to more job opportunities.
- Students are trained in haircutting, coloring, texture services, nail technology and skin care service. It includes theory, hands-on training, giving a complete understanding of the beauty and spa industry.
- The program is aligned with the requirements of the NYS Appearance Enhancement Licensing requirements.
- Curriculum integrates commencement level math and English language arts.
- All students are given the opportunity to participate in a Work-based Learning experience, which exposes them to the operation of a business and specific job duties related to careers in their CTE area. This internship includes financial management, professional development, on the job training designed to connect the skills and knowledge learned in the CTE classroom with the real world requirements of a business.

Certifications & Endorsements

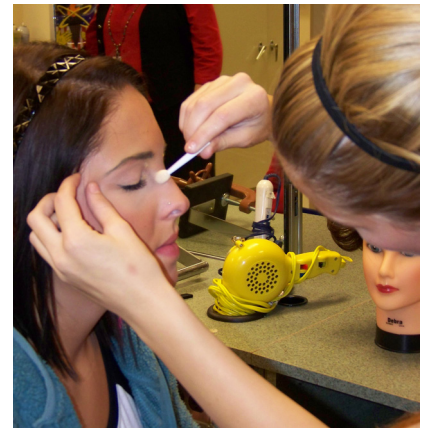

- Upon successful completion of the 1,000 hours, students are eligible to apply for a New York State Licensing exam. Upon completion and passing the New York State written and practical examination students will receive a cosmetology license.
